We make reference to the above matter;

The above-named event is being organized through the American Centre, to encourage and empower teachers with interactive learning tools as a key to student engagement in the digital classroom. The workshop will entail activities and presentations from attendants with guidance from the trainers.

Please RSVP to the under-signed and we look forward to having you. This is slated for Friday 24th May 2019 at The American Center, starting from 9:30a.m. - 12.00p.m.
